Thread: [R6 \(ESP-box,lines,distance,health\)\(NR/NS 50%-100%, aimassist, teleport,\)100%SelfCodet](#)

elaismybae - October 15, 2018, 9:25 pm

Hy, ?

I offer my limited RainbowSix-cheat . ?
no C&P (like 80 % on the market.) ?

FEATURES-EXTERNAL:

- ESP-BOX
- Lines
- Distance (Meter)
- Health-bar
- Cav-Esp
- NR/NS \ two modes 50% for legit ? / 100% for raging and fun ?
- Aimassist \ with Circle FoV changable from 0 - 100 ?
- Teleport ?
- all features come with an ingame toggle menu.

100%SelfCodet

I have my own driver bypass is UD since release 2month. ?

(you can start the cheat however you want) inranked befor idm.
you dont need an injector.

The cheat is streamproof what mean nobody can see you cheat on twitch stream.

So i have family problems and
i need money 100Euro if i have the money.
this offer turn back to normal price (100€) epvp 1month.

The cheat is slotted to 10 people.

>>>>>>25 dollar one month.<<<<<<<<

I sell also a HWID SPOOFER / Ring0 (working) For 30€ Lifetime. ?

If someone want to vouch for it np but he must be a trusted member
i make a quick video if i find time but i guess the next hour
? ? ?

I can screenshare, make a movie, all what you want for proof np.

before you say scam or something (show my work)
Simply ask me or add me on discord.

i can vouch for it if you want.

wegamer - *October 19, 2018, 12:39 pm*

I want to know that is ubisoft banning Hardware now?.....caused I have heard mixed replies earlier from people some say yes,some says no and some says temp Hardware ban!

Sheep - *October 22, 2018, 6:10 pm*

I am interested as long as somebody from this site can confirm that it's legitimate, and I'd also like to know how long you've been undetected

todin - *October 22, 2018, 6:43 pm*

I am interested as well. I see people getting banned all the time though.
