Thread: [In need of middle man services](#)

iFamouso - October 16, 2018, 11:39 am

I'm working on a deal with someone thats trying to buy my snapchat I'm selling, I might need a middle man for the transaction to make it go smoother any recommendations?

I came across epicnpc.com anyone know if that is a legit site?

Instead use the contract system mate.

Cheers.

The contract system should not be used as an alternative for escrow. It should be in addition to using a middleman.
