Thread: [Make our nursery banner better please. Possibly simple?](#)

Montane - October 19, 2018, 7:31 am

Evening HF, our local Nursery banner on their website is horrible and it requires just redoing.

Could anybody re produce the exact same graphic but in high def quality please? trying to match the font and what not.

It so we can upload on any background again without it looking so utterly low quality.

Thank you.

If you mean sizing then largest you can go. Its just so we can put it back on our website and banners.

Thanks
