I was given a review copy and my honest review is:

I was able to rank on google first page (Number 4) and another website on first page (.com) (Number 5)

I got instant traffic boost in 2-3 days after my results were delivered.

I recommend this service to everyone from Noobs to Pros to Webmasters to Google Employee's themselves.

Here is a screenshot as proof directly from google:

As you can see I wasn't getting any traffic: then BOOM! TRAFFIC!

Do you accept Bitcoin? I will be placing an order on the \$25 when I bring my website back up.

Are we required to pay monthly every month \$25? Or Is this just a one-time payment for all those features you listed on the thread?

There's no recurring payment, they are one-time payments.

Yes, we do accept Bitcoin.

Also, I have received 3 PM's asking about contracts, so I decided to sell packages through contracts as well.

I still have not been ranked at all :(Is there a way to see the progress? Or something...?

So far I'm not satisfied with this service, I don't know what you mean with "long-term It'll help my business" because It's been close to 20 days, or more and I still have YET to see anything or any progress or even appear on ANY page with those keywords you recommended for me!

I can't believe the quality people will receive by ordering the \$5. I paid the best package \$25,(at the time, seems like you've raised your prices) with guaranteed 1st-page ranking but I do not appear not even on the 30th page on Google. Please be kind and provide a working service or a refund.

WHERE?!?!?! PLEASE LINK ME.

Because honestly, I had high expectations from all the 5 stars on the thread, all vouches, all the reputation this member has, just to receive no results.

What a disappointment, I'm in no way bashing this sales thread, this is solely the results I have gotten from this service, and It's nothing.

justbeatit - December 10, 2018, 8:04 am

this is by far the most low quality service i have seen in seo
i sent OP a email for custom quotes

Hi, your message:

Name: George

Email: **

Domain:***

Keywords:***

Budget: \$300

Message: Hi what kind of pnb you use? is it fiverr ?

His reply

'We have our on PBN. Take a look at our business packages:'

please learn to spell own op and remove custom quotes if you cant spell.

can op send me samples please

789abc - December 18, 2018, 12:49 am

another shit service. i brought a \$5 package last month for a low competition kw and till now, not even 1 backlink was indexed let alone ranking.

the report he sent me contains spammy links and unreadable spun articles. DO NOT BUY unless you are bill gates or elon musk and i am pretty sure he has another account for fake vouch.

ProfitableFlip - December 19, 2018, 9:45 pm

Yeah, OP promised me that he would continue to work hard on this, so far no backlink has been indexed it's been over the month now.

NO RESULTS, NO VISITS, & LASTLY, I tried checking to see if I finally appear on any of those keywords you suggested me, and I went all the way to page 20 even 30, and I'm not there. The most depressing part, I went to a guy who actually does know SEO and he said my website is full of Chinese shitty spammy backlinks, please PLEASE refund me, I'm not pleased at all with this service, and I don't think I have to go far into creating a deal dispute or even mark contract as negative feedback, no need. A simple refund will be enough, lesson learned, do not go to any random guy to SEO your website, now my website sometimes doesn't even appear on Google when searching by SITE NAME! I have to put even the domain extension for it to show up, and the domain is NOT brand new or fresh, It's been up for about 3 months now.
