Thread: [Anyone watched Daredevil S3 yet?](#)

Artisan - October 21, 2018, 9:01 am

Was wondering if any of you have finished with Daredevil S3 yet. I binged on it and now that its over, I think the creators have made something really good. Compared to the disastrous Iron Fist S2, Daredevil was a pleasant experience. Be sure to lemme know your thoughts on the season (while being careful with spoilers).

I had no idea S3 was up yet. Is it on Netflix?

Also, you guys didn't like Iron Fist? Aside from Daredevil it's my favorite!

Yeah its on Netflix. I think Iron Fist season 1 was ok but they killed the series off with S2.

Just completing season 2 right now. I keep relating it to Batman and it feels like a re-package honestly.

I'm on the episode 5 now, it's good so far. I really like Daredevil and besides him, Punisher is also good.
