~ Frequently Asked Questions ~

Q: What's the maximum I can make with his method?

A: I would say the cap to be between \$1500 and \$2500 depending on investment.

Q: Does this require an initial investment?

A: You can definitely do everything on your own, but highly recommend investing around 50\$-100\$.

Bael - October 23, 2018, 6:53 pm

Bookmarking it for the time when PayPal will be available.

Also, can I expect some type of support?

Thank you.

So I have to pay you \$25 for you to tell me to buy twitch subs more and more gradually while I stream and add more once I add more stats to my account?

Yes, basically, yes.
As stated in the first post, this is a public method and if you do your own research you'll find all the information you need.

The only thing that might be useful for you is that you'll learn on how to do the subs yourself manually.

Unless you already know that, of course.

This is a public method, as stated.

PCM69 - October 23, 2018, 7:14 pm

Vouch for Baldyyy.

I've bought his 150\$ mentorship method that was related to this and I've been sucessful at it so far.

SIM-3326956 - October 23, 2018, 9:12 pm

Not trying to sales trash I'm just curious but you literally said it yourself that the method is public and most people could probably find it themselves if they looked. So why are you trying to sell it for so much?

Lazy kids who have nothing better to spend their money on. No reason to not list it since he's being honest.

The only valuable thing that I might give out in the method is on how to get the subscribers for free. The rest, is exactly as said above, there will always be lazy people or people that just don't understand stuff and they'll pay for the knowledge.

There's always a market for everything.

Plus, I'm also releasing the eBook because I will be selling a Sub Bot and Affiliate Ready accounts soon.

Bael - October 24, 2018, 12:15 pm

Can you update if it's working as 10/24/2018?

I've heard you cannot subscribe using prime now?

bladyy - October 24, 2018, 12:56 pm

It's working.

I can confirm there's still multiple Prime Subscription methods still working.
Including the one I'm giving out to do the manual subscriptions.

Bratune - October 24, 2018, 1:52 pm

Can you confirm that you can do hundreds of subs without phone numbers with your method ?

dogzzzon - October 24, 2018, 5:08 pm

bladyy - October 24, 2018, 5:09 pm

There's no warranty,

You get a guide on how to monetize Twitch, you get access to a Twitch Server with people doing the method and you get support.

Plain and simple

Bratune - October 26, 2018, 4:01 pm

Don't buy,it's scam i opened a scam report

Marbella - October 26, 2018, 4:33 pm

This is not correct. You are selling something completely public, claiming it bypasses the patch, which is impossible for the moment. This is not honest in my opinion, but good luck with sales anyways.

I actually have the bypass for the patch and will soon be selling subs myself.

I was going to stop sales on the ebook.

Also, I never claimed that this bypasses the patch. I said I had an available method to get the subs free, but I didn't say it didn't get patched.

This is a public method and I've stated that in the first post. This is just an eBook for the people that don't have the time or can't put the effort in it to search it all.

For the person who purchased the eBook, please send me a DM and I'll fully refund you.

Basically, payouts work like this:

Your monthly payment for [month] will get paid 45 days after the end of that month. So basically, you'll get paid for the month of August on October 15th.

Send me a PM with your Discord and I'll add you.

I can sell you a Twitch Affiliate Ready Account, PM me.

Prime BIN is patched. No longer working, you definitely have to buy from service providers that have the new bypass.

I have the bypass and will soon be selling subs too.

(Oct 26, 2018 04:01 PM)Bratune Wrote: [\[CITE\]](#) Don't buy, it's scam i opened a scam report

How can you claim if it's a scam or not?

This is a public method, as stated, if you do your own research you can find everything.

This is just a compilation of that information for users that are literally fucking lazy.

Don't do stupid claims like that if you don't know what the fuck you're talking about.

Foursenal - October 29, 2018, 9:02 am

You're a joke mate, get the fuck out of here.

I know how Twitch works, one of the more knowledgeable people, and I know you're scamming people. What you're selling, telling them to go out there and find a working bin or you have a bin provided won't work unless you know specifically what you're looking for. Stop bullshitting people that don't know better.

Mate, get the fuck out of here.

I'm not even selling the method anymore and I've posted that I'm not gonna giving out the method on the free subs.

This was, is, and still will be a guide on TWITCH MONETIZATION. This is not a product on how to get the subs for free.

ast009 - November 27, 2018, 2:26 am

is this method still working

bladyy - November 27, 2018, 10:24 am

First off, the method is not even for sale anymore, this was a dead thread.

Second, you're a fucking moron, method is working and I'm even gonna post proof of it for you ;)

Third, you're a fucking broke ass faggot.

And lastly, the chances of an admin closing your account are higher than for closing this thread.
