Will take a vouch, mind messaging me?

I had a vouch copy of this ebook. here is my review.

you will get a 13 page ebook upon purchase which contains 4-9 methods of easily earning money (depending on prospective). 4 are detailed and well explained and rest 5 are easy to figure out. written in a simple pdf, mostly easy to understand grammar. Do NOT expect new and totally unknown methods for 5\$, also do NOT expect to make \$1000+ daily.

If you are a beginner and very limited on money (like \$5-\$10 USD to spend) then this will be a good ebook for you. few things are not very detailed nor vastly explained, but if you know how to use a computer, you will understand.

Over all, those methods will definitely make you money and all been proven and tested. but if you are an expert or intermediate level computer user / internet user or done lots of researches on money making methods, then you might already know one or more methods from this ebook.

Recommended for beginners.
