No sales thread

description. I brought 3 off white slots from him 50\$ a piece through cash app . He lied and says his cards hit the slots so he would ship them to Me. Day before drop he stops responding and now he won't respond . I been messaging him almost everyday . He know what he did .

Proof : [imgur. com /a/RFZ36mN](#)

Contract: [https://hackforums.net/contracts.php?action=view&cid=11513](#)

JuicyProgramming - October 25, 2018, 5:17 am

Looks like a legit scam report. Maybe add proof of that actually be his skype?

You know it has the time it was edited right? The contract link was clearly added in after I posted

Yu Yan - October 27, 2018, 4:59 pm

Looks legit, i'm sorry for your loss OP

I will just like to say thank you for posting this. Without you putting his name in the title I would of been scammed just like you but for allot more! he was trying to sell me his hacking services for 2k! then told him i can only do \$500 but then i searched up his name and this popped up. I am so not going through with it now
