Frequently Asked Questions:

- 1) Does this require investments? No.
- 2) Can i spend more than \$100 per day? Yes you can spend more than \$100 per day but it will only work for 20-31 days instead of 58 days.
- 3) Do i need a VPS or VPN? Yes
- 4) Can i spend thousands a day? No but you can safely spend \$2,500 in 58 days.
- 5) Can this become saturated or patched? I'm certain that this can't be patched, hence the cheap price else i would have sold it limited for a higher price.
- 6) Is this illegal and blackhat? No it's completely legal and it's greyhat.
- 7) Does this works worldwide? Check page 3 from this thread.
- 8) Does this works with Instagram? Yes it does!

10/10 for swift communication and HQ method.

Answered all my questions and even helped me set it up! I was able to make 250% return from this method so far. Method is easy to attempt even for first timers, and it does require a one-time investment of \$100, to avoid spending \$10 or \$20 every time. I also don't think this method is ever going to get patched because of how clever it is.

GLWS OP!

Anyone actually using this method and can show proof of spending money on their ad account instead of just saying "vouch" ?

Also, the max time I can use this if I spend more than \$100/day is 30 days?
How many times can this be repeated?

Yu Yan - October 26, 2018, 7:22 pm

Give it some time the method is fresh and brand new, nobody ever sold this before, i'm sure customers will do the effort to post some screenshots later on.

The max is 58 days if you spend about \$50+ per day.
If you go above \$100+ you can expect that the account is shutdown within 20-30 days.
You can repeat this method unlimited times.

If you don't care about the account at all then \$300+ per day, expect to lose the account within 10 days without doubts.

You need to verify the account with a Creditcard or PayPal indeed, nothing changes in the usual

(Oct 30, 2018 03:14 PM)Plento Wrote: [\[CITE\]](#) Wait, so what you're saying is if we pay \$65, we get \$2500 on our FB ads balance? And we can repeat this as many times as we like?

Isn't this free money?

No it's not free money.

It's free advertisement and you can make money with that tho.

Tomorrow the prices are doubled.

They'll be x4 within a month from now and that will be the final price.

Just purchased the method. The seller was friendly and helped me along the way and the payment was smooth.

The method itself is clever and promising. I've never thought of something like that. I'm gonna try it tomorrow.

Once V3 is released the price will increase again!

Blu3Dream - October 31, 2018, 10:08 am

I would say this is the most informative method out there.

Not only it has great information on how to get facebook ads but also other stuff that can be very useful.

Yu Yan - October 31, 2018, 1:42 pm

Keep in mind everyone the increased price is not the final price, once V3 is released i'll increase the packages to it's final price.

SIM-3824782 - October 31, 2018, 2:38 pm

just purchased your method :D i will edit my post once i read it

Yu Yan - October 31, 2018, 3:15 pm

Believe it or not guys but V3 is going to be even better than V2, a lot better.

I recommend purchasing the advanced package for lifetime updates before the final price increase will happen again.
