He offered me a design at first that I didn't care for it that much and respected that and took more time out of his busy schedule to make me a BRAND new one, this just shows how dedicated he is to the customer and how important it is for him to get an order right!

Would recommend and will be back for future projects!

Sure I'll pm you buddy, concerning the signature you're right, thanks for the heads up, I've been using it for like the past 6 months. I'll correct it asap, in fact I'm bilingual and I tend to mix between the french word and the english word from time to time, for example here the mistake is the extra n in perfectionism. (French is perfectionnisme that's why I added that extra n)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
