Thread: [OGPaper's CE | My PP for your BTC | Best Rates on HF!](#)

OGPaper - October 27, 2018, 2:38 am

Multiply the BTC amount (@Preev rates) by 1.15 to get the PP amount, e.g. \$100 BTC would get you \$115 PP (not including fees as it's a goods payment) BUT you will take a few % burden.

Min Exchange amount:

You must have at least \$25 in BTC to trade.

Rules of Trade:

-I won't go first in any deals unless you are HIGHLY vouched.

-You can not ask for a refund after payment is sent from my end.
