Thread: [How much money would it take for you to chop your arm off?](#)

SIM-2059193 - October 28, 2018, 6:48 am

Curious about how much money it would take for HF members.
Personally, I'd cut my arm off for no less than 300 million dollars

SIM-1349466 - October 28, 2018, 6:49 am

Honestly, I'm not sure. All I can say is I'd rather cut off my left arm instead of my right.

Malthemar - October 28, 2018, 6:50 am

100 million.

I'd set up my family with whatever they needed for life and give the rest to HIV and AIDS research.

Riyu - October 28, 2018, 6:50 am

A billion dollars tax free

CyberError. - October 28, 2018, 6:51 am

wtf ? i would never chop my arm for money , wtf people going made over money ? money brings happiness but ARMS is part of your body

voidshifter666 - October 28, 2018, 6:52 am

500 billion dollars so I could fund the research for biotechnology and make me an arm that fires rockets.

A few million at the minimum. I'm going to need enough for a robotic arm, and then the rest is for mental damages.
