Badobadobist - October 28, 2018, 11:19 pm

hunter hunter has a very good song

SIM-2501407 - October 28, 2018, 11:21 pm

I always skip the intro songs. They are way too long and I do not understand them. I will say that animes really do have the best soundtracks, especially for ambient vibes.
