Thread: [Crews CP issues Mobile/PC](#)

Nuworld - October 29, 2018, 6:21 pm

Maybe it's just me or my mobile device.

It seems as though there is an issue viewing the Crews CP on mobile.

Here viewing on PC we can see the left hand panel of options.

Spoiler [\(Click to View\)](#)

However while viewing the same Crews CP on mobile i don't see the left hand panel.

Not showing up here either (google pixel 2)

Screen shot from my phone:

Click the hamburger button in the top right of the page to access any Control Panel sidebars when you are on those specific pages (UserCP, ModCP, CrewCP, MarketCP).

Yep! there it is.

The hamburger, Always for get tho check that.

Thanks. ?
