IF so, what kind of BLING do you wear? Your wedding ring? A fat gold 30 ft gold chain?

I personally have 2 gold chains (1 curb and 1 box chain), two earrings, a gold bracelet, a couple of rings, and a whole bunch a bracelets. I usually wear most of mine everyday just to flex for the friends ?

I have a gucci ring and a .925 silver cuban chain

Bob White - October 30, 2018, 5:43 pm

Have a few modifications, large stretched ears, scalped septum, handful of dermal anchors. I wear a nice watch, rings, necklace, and bracelet, I'm twice the age of most people in this thread as well. ?

Redemption - October 30, 2018, 5:46 pm

I don't have any piercing but sometimes if I remember, I do wear a watch. I'm not a big fan of necklaces or rings. Never really wore then when I was younger so they just feel weird.
