Thread: [EDU emails - EDU Office 365 for \\$2 \[Reopened\]](#)

Wolf - November 1, 2018, 3:23 am

I'm selling EDU emails that work with Office 365 Education. These are non US EDU emails.

I'll be adding EDU emails that work with GitHub student pack within next few weeks.

Vouch for OP !!

Received a working .Edu e-mail, used for creating a new Amazon student account.

Worth noting, I received a cracked account, not newly created.
