If you need a Basic dox or a full strip i can help .. Ive been creating alot of scripts to assist (not some random github scripts lol) in information gathering in a somewhat unorthodox way.

Also have a gazillion DB's and Residential State DB's that im sure will have the info you need! ?  
Be Sure To Post After i send results. I can respond normally within a few minutes up to an hour  
Just send what you have already or what you need queries of.

ill keep updating thread with more info.
