If the answer to that^ is yes, you're in! ?

I'm currently assembling a large team.

Although this doesn't require selling anything, join our startup, and earn up to 7 figures per month plus bonuses.

Essentially, the nature of this is connecting buyers and sellers of big businesses. Doesn't include telemarketing. Work is online, and training is provided.

To join, please reply explaining what you did in the past, and what you had done to get clients.

Hook me up. I grew Bitgold(Now GoldMoney) daily active users from 30k to 100K within 5 days. Let me know.

Can i hook up my associates too and take a cut of their profits? Let me know.

That was a problem for Bitgold to handle not me.

I was using viral marketing techniques using facebook to promote their website.

Me and my associate did a shill campaign and grew their user base. It was mostly copy and paste though.

No. It was mostly using facebook groups to promote it. Then we had others comment on our posts to bump it to the top. It worked so well.
