Thread: [Need help MENU HTML CSS](#)

dawid17 - November 5, 2018, 11:48 am

My menu bar doesnt want to appear over the header picture, what I've done wrong?

post your full css next time

i suspect something to do with position:absolute or position:fixed mixups but we cant be sure until you actually post something useful.

good, so now what are you expecting it to do/what are you trying to accomplish because that code looks fine to me but idk what you're trying to do

dropyourtables - November 5, 2018, 12:32 pm

Do several things, first you should paste the entire code here, no one wants to go to another website (at least I dont). As stated above, what are you trying to accomplish fully?

Also post all your code that you are trying to format, HTML + CSS. Just CSS isn't as helpful.

As i said in original post, Im trying to make a fixed menu at the top of the site but it doesn't want to appear for some reason.
html is in first pic screenshot.
<div class="menu">

nevermind got it fixed.//////////

Code <div class="about">

<h1>About us</h1>

<p class="team">Lorem Ipsum jest tekstem stosowanym jako przykładowy wypełniacz w przemyśle poligraficznym. Został po raz pierwszy użyty w XV w. przez nieznanego drukarza do wypełnienia tekstem próbnej książki. Pieć wieków później zaczął być używany przemyśle elektronicznym, pozostając praktycznie niezmiennym. Spopularyzował się w latach 60. XX w. wraz z publikacją arkuszy Letrasetu, zawierających fragmenty Lorem Ipsum, a ostatnio z zawierającym różne wersje Lorem Ipsum oprogramowaniem przeznaczonym do realizacji druków na komputerach osobistych, jak Aldus PageMaker</p>

<div class="imgs">

</div>

Code .about {

text-align: center;

overflow: hidden;

padding: 20px;

margin-bottom: 0px;

}

.about h1 {

color: black;

margin-bottom: -20px;

text-transform: uppercase;

}

.about img {

width: 350px;

height: 200px;

}

.imgs {

display: flex;

justify-content: center;

margin-top: -10px;

margin-bottom: 20px;

```
}
```

sdk - November 6, 2018, 1:59 pm

```
Code .about img {  
    width: 350px;  
    height: 200px;  
    margin: 8px;  
}  
or
```

```
Code .imgs {  
    display: flex;  
    justify-content: space-between;  
    margin-top: -10px;  
    margin-bottom: 20px;  
}
```

Got it solved already, I've one more issue.

Why is my contact form displayed like this on google chrome.

and on different browsers like this

```
Code <section id="contact">  
<div class="contact">  
<h1>GET IN TOUCH WITH US</h1>  
<p class="team">contact form</p>  
<div class="container2">  
    <form action="/action_page">  
        <input type="text" id="fname" name="firstname" placeholder="Your name..">  
        <input type="text" id="lname" name="lastname" placeholder="Your last name..">  
        <textarea id="subject" name="subject" placeholder="Message" style="height:100px"></textarea>  
  
        <input type="submit" value="Submit">  
    </form>  
</div>  
</div>  
</section>
```

```
Code #contact {  
    height: auto;  
    width: 100%;  
    background-color: white;  
    margin-top: 60px;  
    text-align: center;  
  
}
```

```
.contact {  
    overflow: hidden;  
}
```

```
#contact h1 {  
  padding-top: -100px;  
  color: black;  
  text-transform: uppercase;  
}
```

```
#contact p{  
  margin-top: 10px;  
  color: #7e7e7e;  
  letter-spacing: 2px;  
  width: 60%;  
  font-size: 14px;  
  display: inline-block;  
}
```

```
.container2 {  
  border-radius: 5px;  
  background-color: white;  
  padding: 20px;  
  width: 500px;  
  margin: auto;  
}
```
