People still falling for this scam, there are enough proofs for this guy to be banned.
I'm his previous method buyer and he never supports and tries to help at all.

The method he sells is worth 5-20\$

Have you settled the accusations in either of these threads?

Frukt - November 13, 2018, 4:01 am

Can you get sued using these methods?

Thank you!

Reading the other threads I've seen enough to conclude that I wouldn't trust you helping me earn money.

My personal opinion is that you are not to be trusted and will not buy, sorry.
