Just curious. I mean you don't have to be cheap, probably it's just something you like to do.

?Apocalypse - November 8, 2018, 3:36 pm

Shave it off.

You won't regret it.

I once cut my pony tail after I broke up with one of my exes, just hold it it and cut it with a box cutter, was pretty upset after. Thank god that they are now around 40 cm.

Smexy - November 8, 2018, 3:38 pm

I only dare to cut my front hair, as in the hair hanging in front of my eyes.

I always make it wet first.

TyTy24 - November 8, 2018, 3:38 pm

Nope, it would look like shit. Definitely not doing this.

Yeah that break up was one of the important deals in my life back then, and it still hurts sometimes

I've never had the guts, but grandpa used to clip his own hair. He was a damn good barber.

He sounds like an OG.

Oran2009 - November 8, 2018, 4:23 pm

I just clip off some parts that look long.

Based on what I'm seeing alot of persons seem to do that

Condoms - November 8, 2018, 4:28 pm

I know how to cut my beard... Before you argue.... it's hair.. isn't it?

I cut my own hair, but I'm a dude, so it's really easy.

phr3ak_ - November 8, 2018, 5:56 pm

Have tried it once. Wasn't a good work. So, I guess won't try again.

Lmao touché. Here's your award Sir you've won at life

Elvira - November 8, 2018, 6:34 pm

i cut my hair sometimes if theres a piece that wont stay down

PerfectStorm - November 8, 2018, 6:35 pm

I just buzz it off when I do my own. Which isn't frequent now.

bananachocobo - November 8, 2018, 6:36 pm

I did it once, when I was about 7 years old, maybe?

My hair looked like some wild grass. Never doing that again.

PerfectStorm - November 8, 2018, 6:44 pm

OP you need to cut your beard more :)

Pyro - November 8, 2018, 6:47 pm

yeah i did that, im typing this with my nose tho, it takes me bit more time but it works

EDIT: Sorry, I've read HANDS in thread, not HAIR ? ? ?

JohnCrypto - November 8, 2018, 10:44 pm

I know somebody that cuts their own hair but it comes out terrible

Crypt - November 8, 2018, 10:46 pm

I've shaved my head before and instantly regretted it. There's no way I'd try to cut my own hair, I'd jack my shit up.

StarZ - November 8, 2018, 11:04 pm

I cut my own hair quite often. Give myself a Fauxhawk fade. 2 mirrors and a beard trimmer usually does it. It takes practice. If you decide to attempt it make sure you have a hat/beanie on standby lol.

Even for a buzz cut I hit up the barber. Too complicated.

I used to aswell. Then I got a 60hr/wk Job. Now I just save myself money and time.

I miss sleep.

I cut my own bangs. I watched on youtube how to do it. I was satisfied so far.

SIM-2263652 - November 15, 2018, 11:29 am

I just cut it all off. No hair, no problem.

Guentzel - November 15, 2018, 12:48 pm

It's a lot easier if you're comfortable with being bald, I am not as I have a huge head

Roytoy - November 15, 2018, 12:56 pm

I've never personally done it but my dad has shaved my head in the past. I suppose you can't go wrong with going super short

Skepticism - November 15, 2018, 12:57 pm

I currently cut my own hair, when it needs it.

pms - November 15, 2018, 1:51 pm

I feel like i would mess myself up so bad if i even tried, so ill never try really.

Yin Yang - November 15, 2018, 1:52 pm

Nah I pay to be well groomed

Abbaas - November 15, 2018, 1:55 pm

I always give my self some high fade its great.
