Thread: [Financial Domination | Your guide in getting into it. | Noob Friendly | No investment](#)

Vassilios - November 8, 2018, 3:54 pm

Hello, my name is Nachzehr and I have been e-Whoring for quite a few years now, I believe around 3-4 and I have gotten into Financial Domination as it is not quite common I would say. With this e-Book I have written how to get your foot into Twitter Financial Domination meaning how to set up your profile, find traffic and talk to them. I started again with this about a week ago and have made roughly 70 pounds. I am not going to make a super fancy thread but with this you get support from me forever and any updates that I will make on this e-Book. I will be giving out three vouch copies to trusted people!

Price: \$9.99

Method: BitCoin

If you're interested just private message me or post down below!

I'll take a vouch if available since you don't have any reviews yet.
