Internet of things

Young Sosa - November 9, 2018, 4:56 am

send me a PM if you need it

Agent474849 - February 21, 2019, 5:34 am

hybrid have it. i using that.

U can give link to hybrid ?

Ramb0x - February 22, 2019, 3:24 pm

It would be nice from someone to code a RDP brute spreader.

Goldmouth - February 22, 2019, 4:33 pm

Yes, C++ can show you all the screenshots you want.

Ramb0x - February 22, 2019, 5:01 pm

Nop mate not interested too much cash were talking.

GiraffeBear - February 22, 2019, 9:22 pm

Not sure if its outdated now but I heard Mirai botnet had a great selfrep feature.

Ramb0x - February 23, 2019, 4:28 am

Anybody saw any IOT botnet that connects to IRC? Like a Mirai or qbot. I was wondering are there any IRC variants?

Malicious - February 23, 2019, 9:25 am

There are almost no good botnets with selfrep that are public,

I would recommend buying one with advanced exploits. ?

Ramb0x - February 23, 2019, 9:40 am

That eternal blue exploit is cool but is in C# and every version i tried didnt worked.

It would be fun find a c++ version and working one. Then you would see irc bots alive again. ?

Could you PM me? I would be interested in the source code, but I can't pm yet.
