Can anyone confirm the file is not infected?

Woodmaker - November 12, 2018, 11:49 am

mhh lets see this first and than i will look!

??????????Michael Kors - November 12, 2018, 8:42 pm

I downloaded it and it seems like a nice method.

Fortune - November 13, 2018, 10:04 am

Can you please send me the method? Thanks!

Fraizere - November 13, 2018, 3:09 pm

Thanks for sharing this Facebook Ads method. I'll check it out!

hassano100 - November 14, 2018, 8:28 am

is this method working guys ?

qwerty123uiop - November 14, 2018, 8:37 am

I've never thought about this method before it seems great though.

jasonleto - November 14, 2018, 11:34 am

IT'S TRASH same stuff yu yan was selling for 175

To receive free VBA's use this method:

1. Go on a dutch (The netherlands) VPN.
2. Go topayoneer
3. Signup with a dutch address, name and phone number (you can get all on google they don't verify it)
4. When they ask for bank details you fill in Bank name: ING Bank - IBAN: NL85INGB0755503554
5. When they ask for passport you fill in National ID Number: 837990018 (Can be anything but has to be 9 numbers long)
6. Wait for your account to get verified (verification is fake they just look if it "looks" real)
7. You'll get verified within 12 hours, 8/10 times within 4 hours but they say it can take days, that's

not true.

NOTE: You can re-use the IBAN but switch between the IBAN's below and keep a few hours between each registration.

ING Bank (Most trusted bank in Europe) IBANs:

NL74INGB0652616240

NL45INGB0702005185

NL25INGB0703186035

NL85INGB0755503554
