Thread: [Kawen paid me 2k USD for a tat and award.](#)

Mr. Robot - November 9, 2018, 6:16 pm

So Kawen paid me 2k for this. I hope you're happy.
He also took my bomb award rip but he deserves it :)

He only wanted KAWEN done, however there's a little addition on there to commemorate the exchange.

Bomb award is sick anyways and represents the 2k on its own while the KAWEN was done without outlines allowing me to cover it up one day when I decide I want to.

Kawen - November 9, 2018, 6:38 pm

You are a great person, I am happy to have been able to make the deal with you ^^

PS: The award of the bomb was extraordinary <3

I don't like colored ink, if I had to do it in red then it would be a no. Still, 2k is nice.

Red without outlines is for that fact if I ever choose too. I think for as long as I am on HF I won't get it covered but I chose the bomb too in case I do choose too.

I doubt you'd pay but I mean. It's exactly the same today as of right now as it is in the original image. Unless you tryna claim I haven't showered in months.

hope u dont regret it in a few years

It's red ink and it's thin lined. If he regrets it, he could go out of his way to intentionally make it fade.

SuperiorUser - December 2, 2018, 10:36 pm

ill tattoo my dick for 3k

Blade - December 2, 2018, 10:39 pm

Nice tats! I suppose if you already have a cyber sleeve going on then fuck it! You have a picture of the rest? I would have definitely done that for 2k. Currently getting a dumb tat laser removed and I'm in 5 treatments around \$1500 altogether and it still has a longgggg way to go. I thought about just getting a sleeve over it instead.
