Thread: [Your Final Gamertag](#)

Gainforgain - November 10, 2018, 9:35 am

I have a few tags that are of extremely high quality and they need to find a home.

All of these names I will be looking for 4 digits for.

If you are in the market for an amazing gamertag, it's worth taking a look at mine.

Kik: Simon

Still selling top quality gamertags

If you have a 'few' then maybe you should try giving hints on what you got for examples.. otherwise, what's the point? Stating you want 4 figures for something nobody can see to even get remotely excited about? In no way am I downloading Kik just to be able to contact you about it..

I would argue that the exclusiveness is something you want in a gamertag you will be spending 4 digits on

Regardless, thank you for your input
