Thread: [\[\\$99.99\]MASS EMAIL LEADS SCRAPING METHOD||PASSIVE||TOOLS INCLUDED||30%OFF](#)

St. Dismas - November 14, 2018, 1:39 pm

TIRED OF BUYING EMAIL LEADS?? START GATHERING YOURS BY YOURSELF AND EVEN START SELLING TOO,
PASSIVE EMAIL LEADS SCRAPING METHOD (WITH NEEDED TOOLS INCLUDED) 30% OFF, UP UNTIL END OF THE MONTH.

Was \$150, now \$99.99

I scrape and gather emails on a daily basis due to demand, i sell email leads for about \$15-\$30 per list(30k-60k) and i make a lot from doing just that daily, the strangest thing is that i never had plans of selling or actually even knew i could make a lot from scraping email leads, i didn't always use to gather emails myself, i actually learnt how to gather emails for email marketing and some other personal use, i was always used to the process of buying from vendors(which i am now) on a regular basis, this was very capital intensive, and i got tired of spending money buying email leads all the time so i went and learnt how to get them myself.

You too can also learn how to scrape and gather leads in this simple and detailed eBook i made, with the tools that you would need included in it.

PROS

- * You'll learn how to extract and compile business mails(of target COUNTRIES & TYPE of companies) from any web page.
- * Say bye bye to email leads vendors (save money and scrape leads yourself for FREE).
- * Say bye bye to Honeypots & fake email leads(some lists compiled by vendors are sometimes randomly generated nonexistent mails mixed with a few real ones).
- * You get to make extra cash on the side from emails you gather by selling them on different vendor sites and forums.
- * Lastly and most importantly unlike other methods out there this style of email leads gathering is PASSIVE and you can do it while you sleep!!

CONS

- * This promo will run till the end of the month(30/11/18) and then will be back at \$150

At a 30% discount you can get this method NOW for just \$99.99

- * This package includes a detailed description on how to gather leads all by your self, NO EXTRA COST.
- * The necessary apps you would need are also included, NO EXTRA COST.
- * Further help/assistance and tips would also be available after purchase, NO EXTRA COST.

Accepted payment methods: PM(Perfect Money), BTC(Bitcoin) & ETH(Etherium)
