Attention!

This person is planning to run a new some sort of "moneymaking" campaign I guess and looks like he is looking for HF members who are willing to sell or share their accounts! Please do not deal with this user if he contacts you. Do not put your account at risk!

"Share your account" seems a step closer to "multiaccounting" than "proxy selling".

Interesting read, I recieved an offer to sell my account a couple years ago, but I ignored the message. It was on skype.

I rather have my own HF profile, and my own legacy :)

This fucking guy.

So 5 months ago he offered to buy mine after scamming me on an eBook.

Spoiler [\(Click to View\)](#)

He even used the exact same image to prove his "sales".

OP, I would add his name and UID to the thread title, along with a link to his profile in the thread.

Will be adding this to my CA as well, thanks for letting everyone know -

Yeah, it is straight "I will buy the access to your account".
