I think non-upgraded members are not allowed to have signatures. Not sure if it's possible would like to participate. Best of Luck with the contest mate.

You can. You're just not allowed images. That's why I've added different code within the OP for non-upgraded members to use.

Rev - November 15, 2018, 6:40 am

Meh, I'm in! thanks OP for the chance!

Not sure but I don't see any options for adding a signature in my profile or usercp options. I guess it's depended upon post count perhaps.

@phr3ak_ Non-upgraded members are allowed to have signatures after 500 total posts.

@#Skyline I would like to give this a go - I've never been good at giveaways, but let's go for it.

If you don't have 500 posts, just post here and I'll still include you within the contest. I'm easy.

That's because you need at least 500 posts to have a signature.

Hey man, I thought people who used the VPN in beta mode when this service just started could get a lifetime license for free if i was not wrong?

Nope.

Beta testers can get a free one month license, giving them access to 20 locations. But no lifetime, that would not work out for our service.
