Thread: [Just won 400+ bytes in the blackjack!!!!](#)

mycatisadog - November 15, 2018, 6:16 pm

I apparently am an addict now because I played until I am down to my last 8 bytes from 1300, and now I'm at 1700+ this is such a great feeling that I understand gambling addicts now, wtf xD

Btw couldn't manage to see my gambling stats, are there any way to how many I won or lost in total? :D

Edit: Lost it all, thread closed xD

All-Time Bets: 14,208 Bytes

All-Time Winnings: 15,276 Bytes

Does this mean that I won over 1k bytes from gambling? xD Because it sure doesn't feel so
