Huge vouch for Mr. Professor. I've known him for a long time and I can assure you, he is an expert in his field.

Fortune - November 16, 2018, 9:47 am

Vouch for Mr. Professor, he's easily one of the most experienced people I've ever met when it comes to making money online. If you decide to join this group, expect making money quickly.

Frukt - November 16, 2018, 9:55 am

I've just recently started talking with Mr. Professor and I've seen his motivation and his bank account growing by every day.

If someone on HF knows how to legit make money it is this guy, will 100% buy this to be a part of this!

This legit looks like a pyramid scheme invitation thread.

Either ways, what am I gaining by joining this group? Could you please post some believable proof of your success. I have not looked at your threads before, apologize for sounding so ignorant.

By joining the group:

- Members will be able to stay accountable for their goals.
- Members will have access to me. I have done freelancing, ecommerce and affiliate marketing so I'm sure that my skill sets would be able to help newbies.
- Members will be able to interact with other members in the same niche.
- Members won't feel alone or down when things are not working. The sense of community and people in it will push each other to achieve their goals.

For "proof" of my success, simply click on my name and check a few of my past threads. Tons of proof is there.

Also, feel free to PM me with any other questions! I can understand the skepticism with new sales threads popping almost every hour.

Today one member has joined the mastermind group.

I helped him to:

- Explain what business models exist
- Which ones are appropriate for him
- How to get started with it
- Goals to set

I wish someone could do all this for me when I was a newbie!

Mr Professor - November 19, 2018, 10:09 am

Stop surrounding yourself with 9-5ers.

Want be an enterpreneur? Be around entrepreneurs.

Learn by osmosis.

Mr Professor - November 28, 2018, 10:35 pm

Are you on the edge of quitting entrepreneurship?

Don't.

Be smart, join this group like other winners.

Food God - November 28, 2018, 10:52 pm

from what I can see you are selling literally nothing, an invite to a discord group? and thats it?

just my 2 cents a successful entrepreneur as you claim to be wouldnt be so desperate to charge \$17 a month to be in a group chat with people. people you're literally offering nothing of substance in exchange for money

"- Sales trashing will automatically make support, future updates and the refund policy void." lol sums up my opinion

Greetings,

To the person who commented above me.

As someone who has talked & conversed with Mr. Professor before. He is one of the very few 'legit' sellers around here.

On top of that, he has the professionalism to keep it civil & disciplined with all his members. I doubt you'd find any disgruntled users in his thread (The percentage would be in the minority because the ones who did complain are basically sloths in life wishing to accomplish financial freedom by doing j@ckshit).

What he is 'selling' here is: Private Mentorship and access to a group of likeminded people where you can reach him and get assistance from others whenever you wish to. A personal touch to his other product that he's been selling here. For \$17/month, it's a steal. If you want to grow as an Entrepreneur, you can't go wrong with this. If this is not your cup of tea, no worries because for many others - it will be.

Regards, Wolf ?
