Thread: [Selling Bytes for rep \[+1 = 5Bytes\]\[+4 = 20Bytes\]](#)

?ch?m?ll?? - November 19, 2018, 6:49 am

hello mates I shall have your green and give you hard coded bytes :p ?

Just add up and let me know through reply or PM I shall confirm before the end of the day and allocate due bytes. cheers ?

I am not always online so don't expect your bytes immediately.

As someone stated no one should open a contract for this lets keep it on a low :D

I will send payments in batches to keep the TX fees reasonable, so don't expect your payment immediately.

All contracts should be open by customers as I do not have time to do that(or maybe I don't know how to ?)

Pretty sure you shouldn't open contracts for this, as someone stated somewhere else previously its contract abuse.

Other than that GLWS. Quick buck for members that can +rep.

Zack Fair - November 19, 2018, 12:04 pm

Everyone participating should do this without getting contracts involved, that is scummy.
