can we pick a prestige if we buy a multiplayer package?

At the moment you are free to choose anything between prestige 7 and master prestige level 100.

Ah, so you cant jump to say like prestige 2 or anything like that? just want a slight increase, nothing too drastic :\

Nitros - November 21, 2018, 10:49 pm

Just purchased blackout package. Was delivered really fast and everything as expected ?

Can do this but I will not be able to match the stats to that level. Your stats will stay the same.

Beckham - November 22, 2018, 12:48 am

Can vouch.

Have yet to purchase anything, but will in the next few days depending on how banks work.

However, I contacted OP on Discord after retrieving it via PM, and asked for further proof. I witnessed him share screens and rank up an account in front of my eyes from level 20-ish to level 55 in a matter of seconds, after joining a public match in session where he was not host.

GLWS, and I look forward to sharing results on my personal account.

(Note, I don't have much rep on these forums, yet I do have account tenure since 2014. This isn't a throwaway account vouching :P)

Vouch for this service, everything went smooth. OP was very fast to reply and answered all of my questions.

I purchased service for zombies, multiplayer, and blackout... All worked perfectly, everything is unlocked and I am max rank in all.

He told me what to do (Very minimal) and it took very short of time.

I can highly recommend this service to anybody looking to have their accounts "upgraded"....

Is this somehow copying a different accounts stats to yours or is it modified with some sort of cheat?

Frankstare - November 27, 2018, 7:46 pm

(Nov 27, 2018 06:57 PM)Big Memer Wrote: [\[CITE\]](#) Is this somehow copying a different accounts stats to yours or is it modified with some sort of cheat?

to my knowledge its copying someone else's stats. So they've joined a lobby with someone master prestige and they copy their legit stats. Perhaps add some randomization ($\pm$ a few points here and there) to it for every account but idk about that part.

Cantaloupe - November 27, 2018, 7:48 pm

(Nov 27, 2018 06:57 PM)Big Memer Wrote: [\[CITE\]](#) Is this somehow copying a different accounts stats to yours or is it modified with some sort of cheat?

It would be closest to your first analogy. Everything stats- wise is changed properly to match the rank.
