Now regarding the book, I'm surprised for how smart and original these method were! Actually, I'm going to test it tmw or so and I'll post my results here, so stay tuned. Again thanks man and gd luck with the sales :)

EDIT: OMG I have a pretty bad relationship with hf books, yet I'm sooo grateful I was fortunate enough to buy into this ebook. The results are INSANE!!!! ?
Here's a quick screenshot ?

I am not selling these methods anywhere else. This not any bullshit guide you've seen. My reputation on this forum is of somebody that knows what they are doing. If this does not work, I will issue a 100% refund!

Alex Belarto - November 26, 2018, 5:43 pm

Just got this, Will read through it and hopefully write a review.

I hope this is as HQ as your other products, Gd luck with the sales bud ?

Edit: The method is very unique & pretty straightforward. There possibilities are endless and couldn't thank OP enough for bringing his private methods and knowledge to the forum.

BIG VOUCH FOR ME!

Hey, you can always trust me since i`m an old member here and dealt with tons of users.

I will take my time to investigate your method, and write an honest review here, about this. I will come up with a review. Check my profile and see if i`m eligibile.

You are selling the one money making products after the other.

If you want a real honest and very detailed review then let me know and i'll accept a vouch copy.

I'm sure my review will help your sales if you are legit.

Why do you even do so much effort selling ebooks on HF for low prices, according to your claims on all your other sales threads you earn 10.000s a month.

It is true that HF sales could earn you some nice side cash but the time it takes to maintain HF sales it can't be worth it for you, it just can't.

I openly give out vouch copies to those reputable enough, and the results speak for themselves. I see your skepticism, and it is understandably warranted. Perhaps I'm trying to dye my hat gray instead of dark black? There is a variety of reasons to build various income streams. The end all be all is that my customers are VERY HAPPY and are earning a ridiculous amount of money, so what does it matter if I sell different methods given that they make people rich?

Why do you feel offended by my post are you a buddy from OP?

I'm pretty confident that you are OP's vouch buddy.

Anyways to get back to the point he first said that vouch copies are only for ubers and suddenly they are for New Leet members aswell, i call him out by that and you get offended lol.

You're assuming that I can't be trusted, that's why I made that post.

If you think OP and I are friends you must be completely retarded or just butthurt that you didn't get a vouch copy.

Wait... How do you know it was infected? Because if it is - it is a rule violation ?

Also, Triangle Eye before this goes the way I think it is going... I get the worry you have, it's the same as I have. If you are really interested in the product, wait until someone such as @Theocritus reviews it or someone who is equally reputable.

I believe, the OP has made it clear that vouch copies are only for Ub3r+ members which he failed to

uphold as seen above but the best we can do is wait & watch.

Regards, Wolf ?

Giani Versace helped me get somebody who resold my ebook banned. He helped me, and approached me in a kind manner. This is why I'm giving him the copy.

You came at me with possible accusations. Why would I have any intention to give a valuable product to someone who borderline attacks me?

Again, I'm going to repeat to what I sent to you in my PM. If virustotal says gen.variant detections, it doesn't always mean that it's infected. Why the fuck would I send a random member an infected PDF when I've spent \$250-\$300 on stickies, salestags and GFX for my account? I never sent you any infected file.

It simply wouldn't make logical sense for me to do that.

Very careful with Fzsix, you sell a method SATURATED, will try to INFECT you and of course do

NOT REIMBURSE.

The positive reviews are from your partners and other customers to whom you offer your other free ebooks or something else.
