Jesus bro damn!!! €735 sorry for the lost op

flavoral - November 27, 2018, 12:36 am

I hope you used a contracr, otherwise this deal dispute is invalid...

Him denying the contract shouldve been a red flag...

You shouldve waited till he accepted the contract to send the money man, hope this get resolved somehow :/

You seem to have an open old contract still with him.

PerfectStorm - November 27, 2018, 1:53 am

A lot of money too damn bad he didnt accept contract...

SIM-1097664 - November 27, 2018, 3:54 am

I don't know why you sent the BTC before he accepted the contract.....

Sorry for your loss, I think you're shit out of luck

lizzy - November 27, 2018, 5:02 am

Very sorry for your loss, I hope it gets resolved for you. Fingers crossed !

TCP - November 27, 2018, 5:23 am

Add this to the deal dispute database

<https://hackforums.net/disputedb.php>

If you see his trust scan he has another dispute open for \$1,125, this guy scammed almost \$2k and is still going

Meow - November 27, 2018, 7:29 am

You sent the money to him before contract was in "Active Deal" phase.

<https://hackforums.net/contracts.php?action=view&cid=16425>

Contract is now denied, meaning this isn't legit dispute.

Next time familiarize yourself with contract system and use middleman for big transactions/exchanges, so you don't get scammed.

And deal on-site, thru PM's. There is no reason you need to use Discord (which is banned on HF anyway), Skype or services like that.

Hopefully this gets resolved!

OP you're a moron.

1. You didn't follow Contract policy.
2. You took deal off-site.
3. You didn't carefully review this guys account.

Closed his account but let me be really clear with you. I think you DESERVED TO GET SCAMMED FOR BEING A FUCKING MORON and not doing your homework.
