Thread: [I have to describe myself in 2 sentences for prom speech.](#)

Ovidiu - November 27, 2018, 2:14 pm

I need a bit of help here, I'm not that creative I'll need to describe my self in 2 short sentences, but it has to be something mind blowing if anyone is kind enough to help, much appreciated. ?

Kind Regards,
Ovi

We don't know you. But here is my best shot.

"Most of you don't know me, which is how I prefer it. I am not creative, but I'm secretive, quiet, and unassuming."

Oh so we're going for shocking?

"Some of you know me by the name BLAH BLAH but I have to confess that is not my real name. I'm a time traveler but unfortunately I can't say more without consequences."

Nobody walks this earth thinking he's better than I think I am - I think I'm great. At the same time, it's so obvious to me that I'm nobody.
