When will the populace that voted the Tories in man up and stop being absolute mongoloids? What did people expect to happen? I hope the peoples that voted them in are relishing in this disgusting state of affairs.

Red-Leonard - November 29, 2018, 2:26 am

that's true, but unless a new third party deveolops it's not going to get a whole lot better anytime soon..

The entire system is an utter joke, especially if you're living in Scotland. We have a quasi-leader that looks like one of the Krankeys.....We control nothing.

Red-Leonard - December 1, 2018, 8:02 pm

Theresa May is surely a Remain stooge - that's the only way to explain her actions

it went like this in Scotland.

Scotland Do you want to leave the EU? "Nah 70% of us want to stay"

England Do you want to leave the EU? "yea lets get out cause were all quasi-racist.

The government, "we don't care that you voted to stay", we will decide and completely ignore the voting populace of an entire nation and force them to leave also along with our quasi- racists. So now we have a government that ignores the restricted democracy we already have, and just decided itself which way it wants to go.

WE control nothing.....Your vote counts for shit, and if you're Scottish it counts for less than shit!

asdsadasda65875 - December 2, 2018, 2:30 am

yeah feels bad for scotland people lol

We first had David Cameron who stuck his cock in a pigs mouth and thought it was funny, He probably snorted to his toff cunt friends while doing it. We had George the coke sniffing degenerate chancellor of the exchequer.

So when the mongoloid tories voted them in, then cried like fuck to have them kicked out, we get Teresa may, which NOBODY voted in, only her peers voted her in. I bet they kick themselves every day for that and have spent the remaining time trying to counter every one of her stupid ideas.

Then we have one of the krankys now trying to scream for a referendum, to try and capitalize on an already shit show in the vain hopes she's the one to release us from under the boot heel of English rule.

It's a fucking joke.

In my eyes, anyone who voted tories is an utter cunt. I'm not a labor guy, but I'd rather have the terrorist loving Corbin's crew in charge and they are a useless bag of wanks also, Just not as bad as tory scum.

Fuck Restricted/no democracy!!!!

Rant over.

Red-Leonard - December 5, 2018, 3:42 am

Tories are so libtarded because it was they who offered the referendum, then refused to deliver on the result that they didn't like (ie. it's actually Tory Remainers ultimately blocking the implementation)

Anima - December 6, 2018, 2:58 am

She seems fkn clueless of what to do, really needs replacing soon

xuzum - December 6, 2018, 4:19 am

She's stupid as fuck. She should be replaced with Jacob Rees-Mogg or Boris Johnson. Both quality options.

Red-Leonard - December 8, 2018, 4:04 am

Personally, I like Dominic Raab - but basically any Tory Brexiteer would be better than the two stains of May and Hammond!

Anima - December 8, 2018, 4:10 am

I know mate, she needs to get to fuck & get someone more competent in to sort this shit show out

So the Tories can in-house vote another one of their useless peers into the most powerful position in the UK. Also, thanks to the guy that mentioned Boris Johnston as a viable person, I almost pissed myself laughing at that one. I'm abstaining from voting in the future, I'm that disgusted.

There is no sorting this shit show out, the damage is done.

I'm just waiting for the cherry on the cake.....

Red-Leonard - December 8, 2018, 4:52 pm

a few more months of T.May and 'les gilets jaunes' will probably start up in UK

Polymath - December 8, 2018, 7:01 pm

Why do people continue to support idiots like that insufferable old hag who cant run shit!?? And why is the puppet Sadiq Khan still the mayor of London? I don't know, does anyone know?

Red-Leonard - December 9, 2018, 2:43 am

most of the Tory MP's/ministers/staffers etc. are just little scrotes who'll do anything to keep their jobs - hence they stick with May

in that way they can keep their nice taxpayer funded salaries and perks, plus keep their wives and GF's from complaining too much at them

same goes for the national disgrace , aka 'The Labour Party'

Boris Johnston complains that his 145k a year job wasn't enough and that 7k after taxes a month was him on the bread line. He clearly hasn't ever lived in real poverty, the tories keep rich people rich and poor people poor, with a penchant for fucking over middle class working families.

Let's look at the swell work they do.

They claim to be the party of economic competence! Despite our national debt doubling from 849 billion to 1722 billion. Great job tory voters.

Corporation taxes slashed.....WTF!!!!!!!!!! gotta keep those rich friends rich. Hammond is an utter ball bag!

We are now the worst performing advanced economy in the world. Thanks, Tory voters.

They have destroyed social housing

Destroyed Schools

Destroyed the NHS (more than it was) Since the Conservatives took power, the percentage of the NHS budget going to private healthcare providers has doubled – £1.5 billion of which went to companies with direct financial links to Tory MPs.

All their Austerity campaigns and utter shit heel blabber is doing is transferring the wealth upwards to the rich and making an already brutal existence harder for people who can barely afford it.

Bedroom tax anyone?

And i forgot to add this, they are pig fucking nonces, that love ching up their noses and snorting as they laugh at how well they are fucking the poor over.

Red-Leonard - December 10, 2018, 2:41 am

if they can't deliver Brexit then they are finished, surely -that's the only reason they managed to scrape a hung Parliament last time out, and Cameron only just scraped in before - saying that, Labour are in such disarray that the Tories could even win with a fudged Brexit

the country so badly needs a viable third Party now!

It always has needed a viable third, it's a shame, but you can't shift the minds of old people. Maybe in 40 years time, it will be different?

The old voter will always hold what's dearest to them, familiarity, they will always protect the institution, even when blatantly being fucked over, they know no different. We are a nation of old people, and the sooner they vanish and the old guard can then be replaced with younger more modern thinkers, i hope.....then we may begin to actually make progress and implement policies that won't fuck the majority of the country to suit the top 5%.

They postponed.....The cherry on the cake is coming soon.

I think it will be the end of the tories getting back into power for the next 20 years. It isn't perfect, but I'm okay with it.

It's a sad state of affairs when 200 idiots voted to keep that alien in power. Sadder that she can pretty much do whatever she wants now without fear of penalty for an entire year.

Tbh bro, political parties and parliament members are distractions from the crown.

The majority vote needed from mps to appoint new members of parliament is bias system, the mps are all bound to governed parties and their own beliefs which at the 'table' holds the majority.

Government and government formations > Parliament > House of commons / lords / crown (final vote)

the UK is good, don't get me wrong, but the politics are stupid.. i try not to let it fuck me up but im here, high... idk lol
