Thread: [Selling Bytes! Bytes For Sale! Get Your Bytes Here!](#)

?elevison - November 28, 2018, 3:08 pm

I have Bytes for sale.

Currently in stock I have ~250 Bytes but I may get more, and will update this thread if I do.

PM me, start a contract, or post here if interested.

The average price of bytes is currently 1.5 cents, you are not listening for some reason.

Next to that the highest price ever was 2 cents each byte.

where did you get that info from

when did this bytes stuff become a thing

can you confirm?
