Thread: [BTC Gambling Site - Need Alpha Testers \[Reward\]](#)

MakBTC - November 28, 2018, 7:34 pm

I am in need of 15-25 users for my upcoming release of my BTC Gambling site.

I am looking for people that gamble and can give me USEFUL advice. There will be a reward for the person that helps the most.

My main goal is to receive feedback from HF users in order to make the appropriate updates.

If you are interested and gamble usually and believe you can provide good information and help please fill this:

1. How often do you gamble?
2. How much do you usually gamble?
3. What type of gambling do you usually do?
4. What do you think is lacking in the gambling btc market right now?

Thank you and I am looking forward to the replies!

Yin Yang - November 28, 2018, 7:37 pm

1. I gamble in sports at least 3x a week
2. Depends on how strong I believe they're going to cover. Just in two days I made around \$800 profit. Check it out [here](#)
3. Sports, Blackjack, Roulette, Sikbho
4. Bovada accepts BTC so I believe it's on the rise

Lavish Living - November 28, 2018, 7:38 pm

1. How often do you gamble? everyday
2. How much do you usually gamble? I've lost \$12,000 in one bj session online. Usually \$10-1k range
3. What type of gambling do you usually do? Poker
4. What do you think is lacking in the gambling btc market right now? nothing, americascardroom, blackchips, ignition, and betonline are plenty good for me hehehe

1. Everyday via Sportsbet, weather its sports, baccarat, ultimate hold'em, blackjack and maybe a few slots.
2. Daily roughly 30-100\$
3. Sports > BlackJack > Ultimate Hold'em > Baccarat > Slots in that order
4. Good Customer support and honest/trustworthy sites with good incentives. (I.E. most casinos will comp you a free room or a few drinks, online those variables are completely removed and I often find myself with a lousy 10 spins or a free bet of 10\$ regardless if I spend 30\$ or if I spend 3,000)

Nayborhood - November 28, 2018, 8:30 pm

1. How often do you gamble? Weekly
2. How much do you usually gamble? Used to be couple thousand daily but now it's much less around \$100-\$1000
3. What type of gambling do you usually do? Used to be huge on gambling in csgo, and BJ.
4. What do you think is lacking in the gambling btc market right now? PvP

General Relativity - November 29, 2018, 10:16 am

1. How often do you gamble?
A: I gamble at least once a week. I attend a cash poker game at someone's home with \$25 buyins. Anything beyond that is not a routine for me at the moment.

2. How much do you usually gamble?
A: It depends. I was known to wager thousands of dollars on a single dice roll at primedice before it blocked US residents from playing.

3. What type of gambling do you usually do?
A: I prefer gambling when I know my exact odds or there's no house edge. For example, Peerbet's raffle system was something I thoroughly enjoyed. Rakeless poker is another. Blackjack is also a favorite.

4. What do you think is lacking in the gambling btc market right now?

A: I think instant conversions of different coins is much needed. For example, someone should be able to send several different currencies to a service provider and receive whatever currency they'd like that is supported in return. Gambling on the outcome of real-world events outside of sports would also be interesting to see.
