Hey guys thanks for clicking on this thread no fancy outline just words -

If you're interested in purchasing my method for \$70 please send me a pm

I will be telling you the item name - where to buy the item - and how much you can sell it for

The item can be sold pretty much anywhere I made \$5,000 in a week on ebay. I can live share if you want to see the payments.

Pretty simple method a retard could do this a 12 year old could do this. It won't get saturated.

Yeah so no bullshit \$70 - 10 copies -

NO VOUCH COPIES -

my last method sold ----->>> <https://hackforums.net/showthread.php?tid=5275948>

Physical

To be clear the 5,000 in a week was an anomaly.

No -

1. This isn't really an ebook - it's a method which will work 100%
2. The "ebook" is only a page long and pretty straight to the point its really simple
3. The "ebook" tells you the item and how I sell it - if you wish to sell it on the sites im selling on I have no problem with that and it wont hurt my profits

Hopefully this clears up a couple things

If dropship not necessary, how do you get items shipped to customers? By yourself?

Have product stock on your possession?

Thanks again
