Thread: [Premium APP-installs Service \[\\$0.07/Generic install\]](#)

KuntaKinta - December 1, 2018, 12:14 pm

Hi there.

We are selling APP Installs.

The installs are generic and not generated from bots.

This are perfect if you have developed an app and requires boost.

This will also help you get more revenues from the in-app purchases, test your user integrity, ad impression etc.

Price: \$0.07/Install

Contact in PM for purchase!

is it supposed to be on playstore or is it fine if i give u my own customized apk file?

chznce - December 1, 2018, 8:08 pm

Does this work with referral based apps? Such as I give you a link, it links you to the appstore and you download it from the link and create an account.

We just processed some order from #.
We are taking more orders.

notDiscoli - December 20, 2018, 10:21 am

Interested in this, dm me with: how to pay, how quick they are delivered, does it have to be in the play store and are they real users and if so are they ratted android phones?

Let me know, thanks.

The answer is "YES" sir. They will work with OGads. We recently conducted a test because of the high demand & high level of queries. And the answer is based on the test.

Is there any other additional info i can help with sir?

How does this work? I mean, how do you get generic installs?

nollergut - December 21, 2018, 6:43 am

Are the downloads from the play store? Or do u just upload an APK?

Tiger7 - December 22, 2018, 3:15 am

Real android phones installs?
