Thread: [Future EZ Main \(Is there any ADC mains\) I could talk to about EZ](#)

Its nice to be nice - December 3, 2018, 2:09 pm

Hello there.

Just wondering if there is any ADC mains there I could talk to about ezreal.

Got lots of Q's about him builds and other stuff really. I know there is 100's of youtube videos but I would sooner speak with someone myself because then I can have my questions answered to what I want to know.

Kind regards all.

Have a nice evening.
