Who else would play the shit out of this? I like blackjack but bytes roulette would be sick.

Capital Bra - December 4, 2018, 10:47 am

Yeah this would be amazing

PerfectStorm - December 4, 2018, 12:07 pm

I wonder what the ODDS will be, worse then slots?

Fruitcake - December 4, 2018, 12:12 pm

Bruh these lil byte games make me broke:(ITS SO FUN LMAOOO

luke - December 4, 2018, 12:43 pm

Would be pretty fun I guess. Would rather Xerotic work on crew activities though ;)

SIM-403479 - December 4, 2018, 12:45 pm

I'm pretty sure it's been suggested a few times.

Quibble - December 4, 2018, 12:46 pm

Roulette always has far better odds than slots.

Bacardi Cola Lime - December 4, 2018, 12:56 pm

Yup, we need more ways to lose bytes ? I'd like to see it being implemented though. Another way for bytes to get lost is good for the economy.

indicud - December 4, 2018, 12:57 pm

Slots odds are terrible for me, I've played them a bit here and I haven't won one pull, in real life I do 10x better when I go to a casino

Ram - December 4, 2018, 2:10 pm

Great more ways to lose in lyfe :D

Mix - December 4, 2018, 4:51 pm

Honestly needs to be a thing, I would love it!

Blogger - December 4, 2018, 5:16 pm

Roulette would be fun but just another way to lose all of my bytes.

Cyber - December 4, 2018, 6:26 pm

I would play it and bet all of my bytes on black over and over.

Crypt - December 4, 2018, 6:28 pm

What about a coin toss game? Something that's more 50/50

Yin Yang - December 4, 2018, 6:29 pm

He already said no to roulette

Pyro - December 4, 2018, 6:30 pm

Personally, I really don't like roulette, probably cause I saw how some of my friends lost thousands on this rigged devils game

?

It would definitely be a lot fairer haha. Slots and BJ definitely aren't a 50:50 kind of game.

That would also be really cool to be able to play against other members.

I actually get some enjoyment from playing automated games. I don't possess the knowledge to be skilled in Blackjack so I stick to Slots. I think this would be a good idea!

I think he means stuff like slots and not blackjack/poker/etc. even though blackjack is pretty damn easy. Just takes a bit of practice

Talking about games that don't take much to play. All you do is pull a lever on slots. It's easy and pretty much full auto after you pull the lever lol

BJ is pretty easy and fun too! But I get wrecked by the dealer on hf
