Products, such as ebooks, I usually take 50%

Services can be a lot less commission (20-40%) depending on what it is.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

For that ebook you're selling?

I would want 50/50 split. Me hosting the sales thread will not boost your sales that much tbh.

There was a scavenger hunt on HF around August 2019, you could essentially get an unlimited amount of rewards based on the number of things you found on the list.

I found 100+

Just an idea, instead of waiting for any HF to contact you with 'guaranteed sales' why not do affiliate marketing for platforms like ClickBank, Amazon, or whatever? Products are already out there, you can filter on 'best sells' and continue from there.

Only posting here with an attempt to help you out as a fellow Masterminds' family member.

Let me know if you need any help.

Passive income is possible if you are willing and consistently be taking action starting of today. Once you feel like doing something, you may contact me for help. I work 32-40h too and still manage to spent my little free time on something productive. So can you!

Until the day you decide to take action again online, good luck with the IRL job.

Got presence elsewhere? Planning to soon start some service such as Proxies, Hosting and etc. under different names. (Recurring revenue model)

I'm more of a CTO, Need someone to do the marketing/Administration with me.

Can go 50/50 on investment or do 100% of it myself for a smaller % cut.
