Thread: [Apology To 'Bear! \[LEGIT WONDERFUL MEMBER\]](#)

MightBoogey - December 4, 2018, 5:19 pm

<https://hackforums.net/showthread.php?tid=5915469>

In response to that thread made bear is Legit, I apologize for the thread! Everything has been solved!

It was a Fake account that claimed to be 'Bear So on my behalf thats all my fault....

reBELLyus - December 4, 2018, 5:26 pm

I'm glad he was able to get things cleared up. He's been in a bad mood lately. This didn't help.

Next time, pay more attention and ask for a contract.

Gotcha do you know how to set up the shopify domain ill pay you?

sh4moon - December 4, 2018, 5:34 pm

Imao scammed for \$15 that's just pathetic on the scammers part.

TCP - December 4, 2018, 5:36 pm

I like how the title changed and got it solved, it was a simple task to do no reason for such a dispute

Ram - December 4, 2018, 5:36 pm

Bear is a legit member he would never do such thing. I'm glad you guys managed to resolve it.

Why would you pay for something so simple? Shopify has very good instructions on that. It's just 3-4 edits in your registrar dashboard.

PerfectStorm - December 4, 2018, 10:17 pm

Good I am sure bear would never doing anything stupid.

lol seriously laughed at this.

I'd just like to point out bear's user title. I'm glad this got resolved.

Suntzu_ - December 7, 2018, 3:54 pm

Good to see your dispute got resolved.
