Description : Read carefully, you've never seen this offer on Hack Forums!

We all know Shopify itself is just a platform, it's not a magical money making source that you just sign up to. 99% fail and quit too early cause they never managed to find that kick-ass product to sell... But that's about to change. I'm so convinced you've never seen nor used this niche that I am willing to offer you instant money back if you ever did this or purchased any guide that is even remotely close to it!

The niche sold is physical which means you'll be dropshipping through Oberlo. Orders will be automatically fulfilled thus making this extremely easy to do and very little time-consuming.

Furthermore, you will receive a step-by-step guide to use this niche to its full potential through Facebook Ads. You will need as low as 5\$ a day budget to successfully run this and yield over 50\$ profit on a daily basis.

Does Not Include :

Frequently Asked Questions :

Q. How does the Instant Refund work?

A. If you've ever done this method or purchased it, you will send the proof (Facebook Ad/Shopify Store/PDF) thus your refund will be instantly processed, as simple as that. You have 12h from the time you downloaded (not payed for) the PDF to claim your refund. That's plenty of time to read through 10 pages and see if you did it/purchased it off anyone else.

On top of it I'm also offering "normal" refund for a period of 3 weeks if you fail the method.

Q. Are there any investments required?

A. Yes, you are required to invest at least 5\$ a day to run Facebook ads.

Q. Do I need niche?

A. No, I will give you niche and entire set up needed in order to make money from the method.

Q. Will you help me set up Facebook Ad?

A. Yes, step by step from start to finish. You dont need prior knowledge nor skills.

Q. I just started Shopify can I use this?

A. Yes you can, I have laid everything down step-by-step so you should not have any issues. I am also providing support so in case you're stuck or just need double-check you're more than welcome to contact me.

Q. Can it get saturated?

A. Never, the audience for this niche is so damn huge that it can never run dry. Additionally I will limit sales to 20 copies just for the sake of keeping it somewhat private.

Q. Is this in any way against Shopify ToS?

A. Absolutely not, this is legit.

Q. What is the time needed to execute the method and see money?

A. Set up takes less than 30 minutes. You can see the earnings as soon as your FB Ad is live or within 48h whatever comes first.

Q. Can this be done absolutely anywhere in the world?

A. This method will work anywhere in the world. All you need is an internet connection.

Q. How much money can be made?

A. I usually make 60\$-70\$ a day. You can definetely scale it up and I'll show you how.

Q. Do you offer "normal" refunds?

A. Yes, for 3 weeks. If by any means you cant replicate simple steps, I will personally make sure to set you up (we will arrange a meeting on Skype or any other communication app you prefer).

Q. What's the difference between two packages?

A. Basic package gives you basic support, if I have a Full Package customer needing my assistance you will be put on hold. Full Package customers can ask for Personal Set-Up either done on my PC then handed over, or done through TeamViewer.

I will provide you support rest assured regardless of the package, but in an event of me being busy with another customer (Full Package customer) you will unfortunately have to wait/arrange different time. I have to be honest, I genuinely doubt you will need support since this is dead simple but you are more than welcome to purchase it if you want Full Support/Personal Set-Up.

Terms of Service :

Spoiler ([Click to View](#)) You have 12h after you download the product to claim your money back in case you know the niche or you have done it before.

Sufficient proof is required such as Facebook Ad/Shopify Store/PDF.

You understand I have a life too, most you'll wait for a reply is 10-30 minutes unless I'm sleeping.

You understand you cant expect 24/7 support unless you purchased Full Package, same applies to Mentoring Sessions/Personal Set-Up.

You agree to respect me and treat me as equal as I treat you as my customer.

You agree not to behave like a redneck, single insult or a threat towards me as a seller will result in termination of our contract. No refund, support or further communication will occur in such event. No exceptions.

You agree not to use the sales thread for support (duh?), you will receive all contact details immediately after the purchase to your Email.

Hello mate, thank you for your interest!

Yes you're correct, we are dropshipping and using Oberlo hence the whole process is automated (orders are automatically fulfilled).

Niche itself requires no investment apart from daily budget of 5\$ to run Facebook Ads which you will be guided through.

Let me know in case you have more questions. Best Regards and Happy Holidays!

You provide the niche, but what about actual products or a supplier for the products of your niche?

They shouldn't be too hard to find. OP how discounted could you do for someone who is more experienced?

Hello, thank you for your interest!

Absolutely, you are given everything needed in order to make money from this method. That includes product, where to get it, how to market it and how to get it all done in just under 30 minutes regardless of your Shopify experience.

Cheers!

No need to find anything though. Sorry mate not accepting nothing less than what I've stated in the thread, I got you covered if you've done this I'll refund you instantly just like the thread says. Cheers!

No more discounted copies. All 5 were sold out.

Could you either post or PM what the difference is between the basic & full in terms of the set-up?

Does the \$100 package provide the actual product to sell and the \$50 package only provides the niche or what?

Hey mate! The only difference is support, with the basic support package you get basically what it says, a basic support not priority. With full support package you have an option to request me to set it up or support you with priority over everyone else.

Both packages get the same in terms of the method, it's just support that differs. Let me know if you

have anymore questions. Cheers!

It's 50\$/day in profit or sales?

Also how much is the product average cost and how much profit on each product?

Yes however you have 14 days free trial, that's plenty of time to earn money in order to opt in for a monthly plan.

Hey buddy, there is really not much data to be seen though other than from Dec 1st to Today. The rest of the earnings I have are NOT from this niche thus I wouldnt want to show people my 5 figure earnings and possibly deceive them into thinking I promise thousands a day, I dont.

I can genuinely guarantee 50\$ a day if you follow my steps. I can help you scale it up but I will not promise more than I actually earn myself (this is just a side income for me personally).

Thank you for your interest!

Hey mate, yes this includes everything from start to finish. Based on my personal earnings you get up to 5 sales a day with 5\$ invested in ads which brings a total of around 50\$ a day profit.

You are not creating Facebook pages or anything alike so no likes are involved, you are doing direct linking to your Shopify product through Facebook Ads.

Cheers!

Hey mate, as long as you can Sign Up to Shopify and open a store it will work. Whatever perks/upgrades you have will not affect the method itself in any way. Cheers!

This is stupid easy.

You can have multiple products running at once after you find what works especially well and easily pull \$1-2k per month just fucking sitting with your Shopify store. I don't know how much I'm allowed to reveal but another great factor is that it's all hands-off. You're not even touching the product.

Great find, Sonex.

KimiGa - December 28, 2018, 2:36 pm

Thanks for your interest! You are more than welcome to check throughout the thread, couple of customers posted their feedback and some even stated they made money. I unfortunately do not go after people begging them to post, it's solely their personal preference. In addition to that, a lot of current customers are busy with Holidays thus we never even started working on it just yet, but that should change pretty soon.

I have received your PM but I cant reply to it, your Private Messages are disabled so you might want to enable them through User Control Panel. Cheers!

I apologize for yesterdays slow support, my throat was killing me the entire day. I'm feeling better now. If you didnt receive a reply from me dont hesitate to re-send your message and I'll get on it straight away. Thank you!

As of this post I've got 2 more copies in stock. I unfortunately can not update the original post anymore due to thread edit limit.

Hi Mate - I've just purchased the product a few moments ago, he will give you all the information you need.

Sonex has done all the research for you, It's worth more than what he's selling for. I would buy this straight away as there's only one left.

All the best

Thank you! It's always a pleasure to hear a great feedback from customers.

I am closing the thread for now. There is 1 open order for the last copy, if it doesnt go through I will re-open the thread. Thanks to everyone who got in on time, looking forward to continue working with you. Support will remain as usual for current customers.

Selly payment links will be disabled anytime soon so please do not contact me for the purchase, all 20 copies are gone. Thank you and wish everyone a great New Year! Cheers.

sonex - January 13, 2019, 3:54 am

I've opened thread on January 13th for two important announcements.

#1 : I am no longer providing support through Skype. Latest update from Microsoft delayed messages for up to 5 days. Please use 3 alternative options you got after purchase or simply send me a Private Message.

#2 : Due to excessive interest after I initially closed the thread I'm willing to open 2 more spots for today January 13th. Please refer to selly stock when you click the purchase links.

Sorry if Skype caused any inconvenience, it was out of my reach. Thank you.
