Thread: [Blackhat Award for Sale](#)

NGMA - December 6, 2018, 2:57 pm

I'll be selling my blackhat award in all its glory.

BIN: \$300

I am open to offers as well!

I am looking for BTC only as a means of payment, so please do not bid if you cannot payout in BTC.

Current Highest Bid: \$175 - Kicking

virus - December 6, 2018, 2:59 pm

That's a very decent BIN. GLWS. Would love to cop it but not spending that much on an award.

Thanks. Hopefully someone ends up taking it off my hands.

\$400? Based on what? Awards are nowhere near worth that amount. Actually, I don't think any award is worth that much.

I'll lob a \$100 bid.

Bid noted.

And it was just a number, you never know someone might've paid that much.

Actually, blackhatter is the only award that I know of to sell for \$400+

Cameron sold his for \$400 to saik0.

(Other than kawen purchasing dabomb for \$2k + tattoo and the fox award for \$1250)

So stick to your guns, don't let it go for cheaper than like \$200 or so :p

I'd say \$200 is a solid price point but even that's pushing it.

Kawen paying that much as mainly for the tattoo...

Ill bid 150. Lavish was selling his for \$300 so depending on how much of a rush you are in to sell this thing, just keep that in mind.
