Thread: [Turned a \\$23 bankroll in to \\$150](#)

indicud - December 7, 2018, 8:12 am

Yesterday I deposited \$23 in to my betonline account and started playing slots. I won a little bit, lost a little bit, and then started playing blackjack. Lost on blackjack and was down to around \$15, then I played roulette and started winning.

I got up to \$85 today and lost a lot and got down to \$50.

I just yoloed it on Roulette, all in on red and won \$100.

I'm up to \$111 now, I think I'm going to play slots with the \$11 and then cash out.

edit:

I'm up to \$150 now, FUCK CASHING OUT IM A DEGENERATE

Cash out at the \$150 mark before you lose it all.

I do it about every paycheck, I got paid today did it and didn't make any money. Next check I'll do it and actually cash out lol, If I make \$50 I'll cash out \$25 to get my money back.

That's sad. Wished you could have profited your initial investment at least...
Better luck next time (Better than that, don't gamble) ?

Regards, Wolf ?
