Customer reviews and earnings:

Alexei93 Wrote:First, let me vouch vouch and again vouch for Formula1 and his material. I find this eBook very motivated, instructional and easy to read/understand. It contains everything you need to start making money but you have to put at least some effort into it because all our failure(s) are first and mainly because of our laziness. In the end, I want to say to all those who are sceptic like me, if you don't try, you never know the result and even if you tried and "burned" yourself because of something in the past, its better try one more time rather than regret all your life watching others being successful and become rich. This product is nothing similar to other ebooks that you might have or might have not purchased and/or downloaded.

decasxx1 Wrote:mr formula asked me if i would share opinion of his seminar either if it was good or bad for everyone and i truly was suprised.

apology english is not primarily language.

on to review of seminar.

i really enjoy this and was a bit not sure where to begin but mr fomrula help guide me through. i also had issue that can not use paypal account so i so use bitcoin with this an work very well.

here is earnin so far with this. i payd for method already which is very nice. 108\$ is very good so far i think will make even more today.

?Music Bottle Wrote Wrote:My experience with the ebook.

What I wanted & What I got.

I wanted an easy to read,understand and implement method.

What I got was my exact need, the method is easy and simple, yet effective.

I wanted the ebook seller/thread owner to help me clear my doubts regarding the method.

Formula1 is really a genuine person to deal with and a knowledgeable person to work with.he doesn't let his buyers down by neglecting to reply to the PMs. Meaning, you'll get a full HQ support throughout your way of method setup and earning.

I wanted the method to work as stated.

It did work, I started earning within 24 hours after setting the method.I'm happily posting the review here immediately after seeing the cash started flowing in my account.

Saturation, Autopilot and Investment.

Saturation : what I think is every method working as of now will go old one day or the another.So how we should go about this is, "make hay while sun shines".You need not rush before buying though.Few new buyers of this method won't make the efficiency of the method low. This method is a private method so you won't be disappointed.

Autopilot : yes it works on autopilot.you need to setup and then wait for the money to flood in.

Investment : I have not invested a penny, still I was able to make money from this method. So no worries about the investment.

Vouch! method works like a charm! ?

Feeze Wrote:Have my first earnings officially in my bank account. I know it's not much but I have more on the way but hasn't made it to my bank account yet.

If this keeps up this has been my best investment; An investment in myself!

I 100% vouch for this product and officially say I trust Formula1 and will continue to purchase his products!

Chief. Wrote:I'd like to take a second to vouch for Formula1. I've worked with him for many months now and he's taught me numerous tips that has helped me to double and triple my income. Don't hesitate to purchase from him as you will not be disappointed.

Method works, but it will need some effort, and it is worldwide, BUT, it might be a little bit easier if you are form USA/Canada, or EU. But again there is a way how to bypass if you are living outside USA.

It will take some time to start earning, but again, you will need just a little bit of money to start it

Design and grammar are fine, there are some tips too

It will not be saturated, or at least not soon, and it might work even in 5 years without any problem

Is it unique? Well, I have seen something similar, but not exactly this method. So I it will definitely not be money waste.

All in all, I will give it 8/10

It is nice, not too hard, but it will take a little bit of time to start earning, that's why I gave it 8/10.

Frequently Asked Questions:

Q. Accepted Payments:

A. PayPal, CC, BTC, ETH, LTC, BCH and more.

Q. Is this method saturated?

A. No, the only reason I'm selling this is because of the uniqueness this method possesses and is exempt from saturation for a very long time.

Q. Does this require an investment?

A. It is not needed, however it would be easier for you to get started using an investment.

Q. How long does it take to set the method up?

A. About 1-3 hours give or take, but just like with anything else, the more time you spend on it the heavier the profits will be.

Q. Is this Legal & Ethical?

A. Everything is fully legal and has no blackhat involvement.

Q. Will I need a paypal or other financial account?

A. While you may use a PayPal account this is open to any type of transactional account to receive payouts. This includes but is not limited to PayPal, Bitcoin, Ethereum, Stripe, Western Union, Bank Transfer, and so on.

Q. Does This Involve: Wholesale, DropShipping, Craigslist, CPA, PPD or Surveys?

A. No.

Q. Does this work worldwide?

A. Yes you can do this from anywhere in the world at any age.

Q. Is this proven to be working?

A. Yes!

I have received vouch copy, I read it, I think about it and now here is my review

Method works, but it will need some effort, and it is worldwide, BUT, it might be a little bit easier if you are form USA/Canada, or EU. But again there is a way how to bypass if you are living outside USA.

It will take some time to start earning, but again, you will need just a little bit of money to start it

Design and grammar are fine, there are some tips too

It will not be saturated, or at least not soon, and it might work even in 5 years without any problem

Is it unique? Well, I have seen something similar, but not exactly this method. So I it will definitely not be money waste.

All in all, I will give it 8/10

It is nice, not too hard, but it will take a little bit of time to start earning, that's why I gave it 8/10.

Method works, but it will need some effort, and it is worldwide, BUT, it might be a little bit easier if you are from USA/Canada, or EU. But again there is a way how to bypass if you are living outside USA.

It will take some time to start earning, but again, you will need just a little bit of money to start it

I received a vouch copy on this monetizing ebook. I am not affiliated with Patrick Jane in any way, I been in the online money making game for a very long time, I got lots of knowlegde on what works, used to work, or no longer works in 2022.

This is my honest review:

The method is something that are heard about before and it will require lots of work, if you are into those get rich quick schemes, then this method IS NOT for you.

The method will perform best if you live in USA/CA, however you can make it work worldwide, which OP also briefly mention.

There's no investment needed, if you are just getting started and gained an interest for making a side income that can become profitable, I definately recommend this.

If you're experienced, this method wont be for you.

Overall a good beginner book :)

Oy,

Does this require direct conversation/contact with clients or smth?

How many days would you say are needed for the money to start coming-in? just curious about this.

For the private 1-on-1 mentoring, via which messaging system do you offer it?

I wanna thanks to the Patrick for giving me vouch copy.

Here is my honest review:

I have purchased many eBooks here and as most of you know most of them don't work as described. I read the method and I can say that this eBook is worth for the price which Patrick is sells. It will require some work, but it's nothing hard. Till now I never saw this kind of method. It has lot potential. Method is detailed described.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
