^^ I confirm this DWC. Same situation with me.

BEFORE DEALING READ THIS - <https://hackforums.net/showthread.php?tid=5919164> - OP has like 4 threads open...once someone calls him out for being sketchy he bumps a new thread.

He does not use a MM and expects people to go first. I suggested Zexi and a few other trusted MM, and he rejected them all. He said he only wanted a staff member as the MM and he will contact Vitani.

After I see Vitani online I asked OP if he heard anything back and he told me that he never got a response from staff. I went ahead and messaged Vitani and he said that Lipton never sent him a message in the first place. I then asked Vitani myself if he is down to MM the deal between us, and he agreed. I told Lipton (OP) this, and he ignored my message. When I asked OP why he lied about pretending to get a MM, he added me to his ignore list.

DWC

^^ I also reported one of his old threads and it was junked. He makes a new thread and posts on new threads when people start calling him out.

FYI - Here is copy paste of what I said in the previous thread:

Quote:You never did want to sell in the first place. Wanna rewind to when I first messaged you - both of us didn't know each other. You asked how much I had and I gave you an approx. You said you wanted to buy 750M, and sent me a contract and said okay trade this acc, etc...Like right away not even considering the fact that I wouldn't go first to someone who has no deals done.

1. I told you that I didn't want to go first...I changed the amount to 100M
2. I suggested MM that we can use, and you said that you only want to use Vitani.
3. You then told me how you sent him a message asking him to MM a deal between you and I.
4. I saw Vitani online for a little bit, so I sent you a message asking if he responded.

5. You said not yet, and you are still waiting for him to respond.
6. I felt like you were already very suspicious, so I went ahead and sent Vitani a message, and he said that you NEVER messaged him.
7. I messaged you, and asked you why you lied about contacting him. I also asked Vitani myself if he can MM this deal, and he said yea sure.
8. You said that you would ONLY use Vitani as the MM cuz he was staff, when he was ready, you stopped responding to any of my messages.
9. I contacted you many times after, since you were buying at a good rate of 0\$.87/M via BTC, and I really wanted to get this deal done.
10. Others have posted saying they all hid similar situations that when they bring up a MM, you stop responding.
11. After I made a post on a thread saying the DWC, you started posting on new threads hoping the old one dies away. But I just posted the same DWC on all your new threads so I make sure everyone is aware of what happened before dealing with you.

Now, please explain to me how I am a moron? Because I genially wanted to get the deal done? I went out of my way to try getting a bunch of MM..and you said that you would only allow staff to be the MM of the deal. And when the time came, you stopped responding to me, and added me to your ignore list.

Do you see how this looks from my point of view? That's why I am calling you shady...I've been selling gold on HF for over a year and I see the in's and out's of what goes down.

Why did you lie about contacting vitani? Also when Vitani was ready, why did you stop responding an add me to your ignore list?

^^ OP is EXTREMELY SHADY - I would NOT EVER do a deal with him unless you have a middleman.

You haven't scammed anyone because you haven't had the opportunity. Everyone wants a MM now and you completely ignore anyone with a MM so of course you haven't scammed. "Shitposting" is different than defending myself, I got scammed and you're trying to come at me telling me I'm a liar, so you're going to fuck off and I'm going to make sure nobody uses you without a MM. You and Lead are both pieces of shit

I mean he has a point. Just because you havn't scammed anyone, is because no one will deal with you without a MM. And you refuse to use a MM.

Our original deal was 750M for \$637.50 BTC. I suggested many MM which you rejected all of them. Then you said you only want to use a staff member as the MM, Vitani. You lied about contacting him pretending you were arragnig a deal for us. I later contacted him and he said you never messaged him.

I asked him myself to MM the deal for us, and he was down to do it. I then messaged you asking you WHY you lied, and if you are still down to do the deal. Then you added me to your ignore list.

GG bud.
